2009/08 Quick Overview Manual fork lift

Manual fork lift / Palette lifter

**We build customised forklifts**

SO M 21836, M 1000-09.1 SO, Load capacity 1000 kg at load centre distance 600 mm, Lift height 60-840 mm, Fork length 1150 mm, Fork carrying width adjustable up to 900 mm, with broad gauge undercarriage

SO M 22304, M 1000-09.1, Load capacity 1000 kg at load centre distance 600 mm, Lift height 90-900 mm, Fork length 1300 mm, Fork carrying width 1000 mm

SO M 21763, M 60-1020 SO, Load capacity 1000 kg at load centre distance 350 mm, Lift height 50-1560 mm, Fork length 550 mm, FEM fork holder with special fork arms

SO M 20119, Load capacity 2000 kg, lifting with lifting jack, 4 cast iron guide rollers, for lifting and transporting ceiling boarding elements

SO M 22287, M 60-1020 SO, Load capacity 200 kg at load centre distance 1500 mm, Lift height fork 90-1400 mm, 1 fork arm length 1200 mm

SO M 22938, M 1800-09.1, Load capacity 1800 kg at load centre distance 600 mm, Lift height 90-900 mm, Fork length 1120 mm, Fork carrying width 580 mm

SO M 20551, M 1000-09.1, Load capacity 600 kg at load centre distance 680 mm, lifting height mandrel 120-1000 mm, suitable for paper rolls with diameter 550 mm, mandrel diameter 60 mm

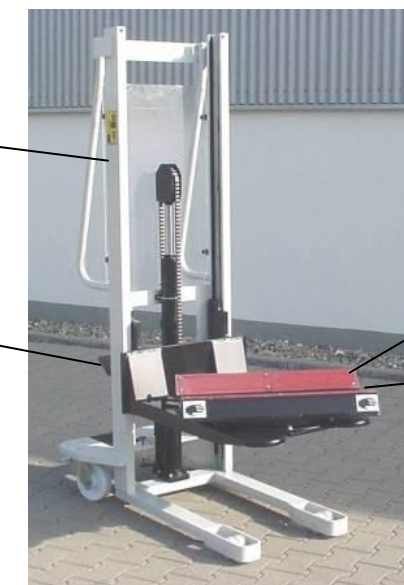

SO M 20679, M 1000-09.2 SO, Load capacity 1000 kg at load centre distance 600 mm, Lift height 45-1000 mm, Fork length 1200 mm, fork carrying width adjustable up 300-900 mm, solid slider fork

Basic unit 1000 kg

two pedal foot-powered hydraulics with load lift and quick lift

load holder sheet metal prism rotatable, fitted on forks

prism with Secutex support (protective lining)

SO M 20620, M 60-1020 SO, Load capacity 600 kg at load centre distance 560 mm, prism for rolls diameter 600 mm, lifting height centre roll 455-1615 mm
