**We build customised forklifts**

SO E 30395, ML 201 SO, Load capacity 150 kg at load centre distance 240 mm, folding forks for holding Schäfer boxes , Lift height ca. 1400 mm

SO E 30689, ET 69-1020B, Load capacity 300 kg at load centre distance 250 mm, Lift height ca. 2100 mm, folding forks for holding storage boxes

SO E 29956, E-MGS 250-15, with special forks for small load carrier container, Load capacity 250 kg at load centre distance 300 mm, Lift height 1500 mm

SO M 20002, HV 0,3/150, for lifting and tipping out storage boxes and cartons , Load capacity 50 kg, swivel range ca. 120°

SO E 30853, E 60-1020B SO, with special load bearing capacity for customer-specific boxes 400x400 mm, Load capacity 200 kg at load centre distance 200 mm, raising/lowering with control panel (proportional hydraulics)

folding forks for holding storage boxes

SO E 29299, E 60-SO, for holding Schäfer boxes , Load capacity 125 kg at load centre distance 250 mm, Lift height 1470 mm

SO E 30672, EGV 1000-16 SO, for transport of Euro pallets and storage boxes , passenger standing platform collapsible, Load capacity 800 kg at load centre distance 600 mm

Fork lift for loading shelves with boxes of material

Load capacity 250 kg

infinitely variable drive engine 0-6 km/h

Vulkollan drive and support wheel

Feeder hydraulic 750 mm with lever control

Vulkollan rollers

electric walk-behind side feed loader E 19680, EGB 89-S4 Lift height 3250 mm
