2009/08 Quick Overview Reel turning carriage

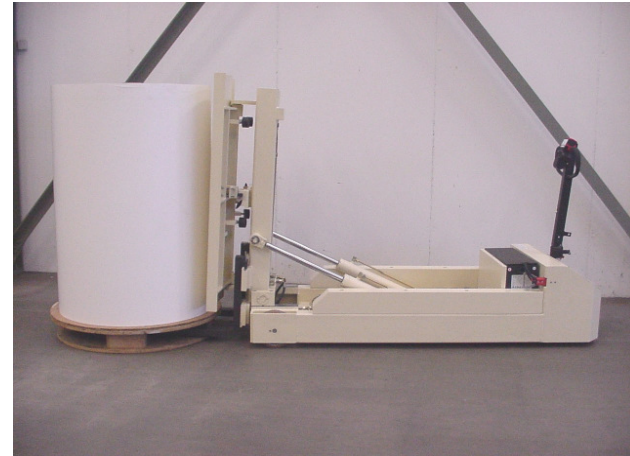

Electric jack lift reel turning carriage

We build customised forklifts

© D. Bader Söhne GmbH & Co. KG, Rathausstr. 37, 73630 Remshalden

SO E 30843, with electric drawbar steering ,
Capacity 3000 kg, Fork length 1100 mm
Tray rotation angle 90° ,
Tray hydraulically tiltable on both sides +/- 11°

SO E 30102, Capacity 2000 kg,
Fork length 1100 mm, Tray rotation angle 90° ,
Tray mechanically tiltable on both sides +/- 11° ,
Holder tray hydraulically slidable a distance of 160 mm

SO E 29583, Capacity 3000 kg, Fork length 1100 mm
Tray rotation angle 90° , Tray mechanically tiltable on
both sides +/- 11° , Holder tray hydraulically slidable
a distance of 180 mm

SO E 29414, Capacity 1000 kg, Fork length 1000 mm,
Tray rotation angle 90° , Tray mechanically tiltable on
both sides +/- 11° , Holder tray hydraulically slidable
a distance of 160 mm

SO E 29584, Capacity 3000 kg, Fork length
1100 mm, Tray rotation angle 90° , Tray hydraulically
tiltable +/- 11° , Holder tray hydraulically slidable a
distance of 385 mm

SO E 30130, with electric drawbar steering ,
Capacity 3500 kg, Fork length 1100 mm,
additional vertical fork function , forks ca. 80-950 mm
above floor, Tray rotation angle 90°

SO E 30306, with electric power steering, Capacity 3000 kg,
Fork length 1100 mm, Tray rotation angle 90° ,
Tray manually tiltable on both sides +/- 11° ,
Holder tray hydraulically slidable a distance of 385 mm ,
Board stop manually adjustable with spindle

hydraulic functions with
proportional push button

Tray hydraulically slidable a distance of
385 mm

Tray coated with
special rubber

electric drawbar
steering

Tray hydraulically
tiltable on both
sides +/- 11°

vertical lift of forks ca.
80-950 mm at 90°

Board stop hydraulically adjustable

SO E 30409, electric power steering , Capacity 3500 kg,
Fork length 1100 mm, Tray rotation angle 90° ,
Tray hydraulically tiltable on both sides +/- 11° , hydr. tray
slide 385 mm , Board stop hydraulically adjustable
